Jennifer,

Would you mind adding this information to the references for Ag Pesticides?

Thanks.

Alan

Alan
I checked 65, 71, and 73.

65 and 73 had no mention of pesticides, so no pesticide references.

71 had a short section on pesticides, so I added some comments to the file and the two new references are below.

ORS 634 Oregon Pesticide Control Law; Upper Willamette AWQMP 38-39;	71-AH p. 13
OAR 603-095-1540(4); OAR 603-095-2240	71-AI p. 13
